

5 Eyes Analytic Workshops

Sheraton Pentagon City

November 5-7, 2014

Call for Presentations

Once again, the IC Centers for Academic Excellence (IC CAE) and the ADI Intelligence Training Department will be hosting the 5 Eyes Analytic Training Workshops on November 5 – 7 at the Sheraton, Pentagon City, VA. The theme of this fall’s workshops is “Training for the Future;” that is, a focus on how we can better prepare tomorrow’s globally collaborative analysts.

All IC personnel, Five Eyes strategic partners, Centers for Academic Excellence personnel, and other academics are welcome. These are free workshops.

Presentations should be no greater than 90 minutes in length and should allow ample time for discussion/workshop activity. Concurrent workshops will be the primary activity. Topics should relate to intelligence and should be at the UNCLASSIFIED level. Panels (vs. single presenters) are encouraged.

Student presentations are welcomed; all student presentations should be mentored by faculty from that institution.

Send proposed presentation title and summaries by September 19, 2014 to Marilyn Peterson, Intelligence Training Department Curriculum Manager, at marilyn.peterson@dodiiis.mil or call at 202-231-4370.
